Biblos-e Archivo collects the scientific publications and research outputs of the University (theses, journal articles, conference proceedings)

Remote access by VPN

Direct access to resources wherever you are.

Refworks

Allows you to create a personalized database of bibliographic in an easy and convenient way

Learning Resources Room

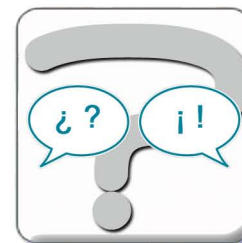

The Learning Resources Room is intended to promote training and the independent learning of medical information resources. Its main aim is to adapt the library's services to the needs of its users and to fulfil the requirements of the European Higher Education Space. The room comprises 16 computers with screen output to a projector, 8 tables and a desk for the instructor.
